To Whom It May Concern:

In my role as general manager of Global Contract Australia, I had the pleasure of dealing with Scott Hucker from November 1999 to December 2003.

I used Scott as a sub contractor to do the complete project management of our office installations.

He was integrally involved in the site checks, delivery, installation & hand over upon completion of all our projects in New South Wales.

I always found Scott to be extremely reliable, very professional & always got projects completed on time.

Scott is a perfectionist & takes pride in his work. In all my dealings with Scott & his staff, I always found them to be honest & very hard working.

I would highly recommend Scott for any similar project work.

Best regards
